## **ABOUT US**

MS Development Consultants (MS Development Consultants Pvt. Limited & MS Development Consultants UK Limited) is a group of British and Pakistani consulting firms offer experienced services in the Government Development projects especially feasibility studies reports.

The services provided have extended from feasibility studies to training of operation and management staff.

We offer response oriented services that adapts to each client's specific needs. This adaptability is a result of the broad range of experience. Our project management experience extends the range of services available from the company by allowing effective coordination of the efforts of other individuals and firms. Together with our own personal we create knowledge capital that can satisfy the needs of any project.

The region of the Pakistan is our primary focus. Services are also extended to clients at international level with emphasis on the development sector – industrial sectors, textile industry, leather industry and construction industry. We represent Henry Smith, UK & several other UK/US companies for the territory
